Telstar basketballers to open season with Leavitt contests early next week

GIRLS DEPEND ON SOPHOMORES

Coach Jim Lunney hopes to improve upon last year's 7-11 record in girls' basketball at Telstar, but he's not sure if he realistically can. It depends a lot on how quickly his young team develops an offensive punch.

On the other hand, he thinks the defense is jelling quite fast. "That'll keep us in the game as we try to learn offense," the coach said.

His big guns are four-year starters Donna Dorey and transfer student Traci Higgins. "The Dorey girl at guard and the Higgins girl at forward are strong points," the coach said.

The team is mainly made up of sophomores. There are seven of them, compared to two seniors and two juniors. The team's final standing, he said, "depends how quick my four or five sophs come along."

The Telstar girls starting lineup for Monday's season-opening match against Leavitt looks like this: Guards, Dorey and Jodey Kimball; forwards, Higgins, Penny York, and either Linda Learmed, Tammy Hall or Debbie Bodwell.

Telstar, a Class C team, for the past few years has been an independent, having left the Mount-

ROOKIE COACH AT BOYS' HELM

Bill Caddigan, in his first year at Telstar and his first year as a high school basketball coach, is waiting expectantly for next Tuesday evening's opening game against Leavitt. The young boys' team, with only one returning letterman, and the coach are both unknown quantities. Nevertheless, with three weeks of practice to bank on, Coach Caddigan told The Citizen, "I think there'll be a lot of surprises."

Coming off their best season ever—11-7 and one win in tournament play before being eliminated by Jay—the Rebels were decimated by graduation. There are four seniors on the squad, but only one, Brandon Salway, played regularly last season. "Our weakness is that we're a young team," the coach said.

But there are offsetting strengths. "I feel the strong points are defense and condition, because of

Ranger district answers questions on new forest plan

Only about a dozen people showed up yesterday (Wednesday) at the Evans Notch Ranger District's informational meeting to discuss the U.S. Forest Service's plan for increased usage of the White Mountain National Forest.

Ranger Mark Boche said the visitors came from as far away as Fryeburg and represented most groups interested in altered management of the forest. There were representatives of fish and game clubs, of local dovel mills and of local tourism interests. Most of the visitors were mainly interested in how they could take part in the commenting process that goes along with adoption of a new management plan.

The Forest Service's 30-year plan envisions doubling the 2,000 acres leased to downhill ski resorts, increasing campground and

Andover officials ponder disposition of windfall

The town of Andover has headaches most area towns would love to have: too much money.

With \$675,000 temporarily invested in Treasury bills and a tax rate of \$8.75 per \$1,000 of assessed valuation, the town is beset with people trying to get on the bandwagon.

Item: three banks have approached the selectmen in recent months trying to coax them to transfer the \$675,000 out of T-bills and into private enterprise. Item: the selectmen received a letter from a man in New York applying for a position as a patoisman. "He must've heard about the mill rate," commented Selectman Laura Hutchins at Tuesday's Board of Selectmen meeting.

The large horde of cash and the plan envisions doubling the 2,000 of a ruling last spring that gave the town—not the state—the right

Limited venison for local freezers

With few exceptions, local hunters will be going without venison in their freezers this winter. Deer kills noted by area tagging stations were generally down from previous years, and many hunters were reporting not seeing a single deer, let alone seeing any with antlers. Most hunters, however, reported seeing plenty of moose.

Only the Andover inspection station at Mills Market reported a sizeable increase in deer kills over last year. Roger Mills said he tagged 31 deer, compared to 21 last year. Additionally, he tagged 19 bear, compared to 12 last year.

Christine Murphy, who runs the inspection station in Upton, said she tagged eight deer, one of them a 10-pointer weighing 220 pounds. She also tagged a 10-point buck that weighed in at 212 and an eight-pointer that weighed 220. Last year she tagged only six deer. She also tagged two bear.

At the Mountain View Store in West Bethel, 13 deer were tagged—one less than last year, according to

The Murphys observed Thanksgiving with relatives in Buckfield.

The Berniers, Mike and Joseph Bergeron, joined other relatives at the Korhonen Farm in Mason for Thanksgiving supper. Twenty-six family members were present.

Willy and Bonnie Fudge are scheduled to be at church Sunday at 2 p.m., Dec. 2. They are missionaries with superb music, some of which is of their own composing.

Walt Lambert and friend, Tom, were guests at Heritage Farm. They are New Hampshire residents, so are staying at camp for another week. They have hunting licenses in both states.

Moose are so common that sightings are no longer news. However, one lady was upset when they came upon a pair in the road which were ensuring that the species would continue, another lady was a passenger in a car which ran into a sick moose walking sideways. The rack came through the windshield. Another car came to a stop and had to wait for three moose to move from the road enough to drive around and by them. One row knelt in the road to lick the salt.

These were all New Hampshire moose. I'm sure our Maine residents are better mannered, and will do their eating, sick detail and other personal activity with discretion, privately.

Leroy Leonard and Eddie Bennett, of Newry stopped in for a visit Sunday evening on their way home from Colebrook.

Safety Tip If your child is sick and you take her/him to the doctor, be sure you ask the doctor if there's another way to treat the illness other than using drugs—such as a special diet, rubs or vaporizer.

When a drug is needed, make certain you understand how it should be taken (with food or on an empty stomach); whether certain foods should be avoided such as juices or milk products; ask about possible side effects. Always follow the prescribed dosages exactly—do not give more or less than prescribed and always give it for the length of time specified, not just until the symptoms disappear.

Tell your doctor about any drugs your child is already taking for other reasons. Notify your doctor immediately if your child develops a rash, headache, unusual drowsiness, dizziness, stomach ache or a marked change in bowel movements.

If you have any questions about a drug prescribed for your child—ask your doctor or your pharmacist.

Next week: Be certain your child is safe at Christmas time.

M.S.A.D. #44

Directors' Meeting
The S.A.D. 44 Board of Directors met in regular session in the Telstar library on Monday of this week.

Following an executive session the directors approved the readmission to Telstar of a 17-year-old junior expelled on Nov. 12, as a consequence of furnishing marijuana to another student. The student is to continue drug abuse counseling sessions. In another discipline case the board found a Telstar ninth grader guilty of three instances of tobacco related policy violations (two smoking, one possession). The student may remain in school, with the provision that a recurrence will result in an automatic expulsion hearing.

In other action the board appointed Jeri Tate as a full-time custodian at Crescent Park School. A vacant bus-driver position is not to be filled at the present time but plans are to re-advertise the position after Jan. 1, 1985, or if it is impossible to fill the position by substitute drivers.

The board noted the resignation of Greenwood member Sylvia Cross. Mrs. Cross, who has been a director since September of 1982, will be moving to Barrington, N.H. Greenwood municipal officers are expected to appoint a replacement at an early date.

A board meeting schedule for calendar year 1985 was approved. Equivalent instruction programs (home study) were approved for children of two Woodstock families.

The resignation of J. Robert Elliott as a math/science teacher at Telstar R.H.S. was accepted. A vacancy in the position was posted on Nov. 23. Mr. Elliott had been a staff member at Telstar since September of the current school year.

The board granted "first reading" approval to a suspension/expulsion hearing procedure change permitting the directors to deliberate without others present at an executive session. Included also is a provision permitting continued suspension of student(s) in the event of a hearing postponement request.

Before the close of the meeting, a 15-minute executive session was held concerning matters pertaining to negotiations.

All eligible board members were present on Monday evening.

The next meeting of the directors is scheduled for the Andover Elementary School at 7:30 Monday evening, Dec. 10.

FROM THE bethel town office

The Board of Selectmen will meet Monday, 7 p.m., in the town office, and once again discuss what alternatives there are for housing the town's two ambulances once they are forced out of the S.A.D. 44 garage next October.

Chairman Arlan Jodrey is expected to report to the board on a meeting he held with the Facilities Committee Monday night on what a new town building should include.

The selectmen have approved the concept of constructing a town building on municipal property on Cross Street, and the Facilities Committee members discussed what the building might be used for, in addition to ambulances. The Facilities Committee is expected to meet again next Tuesday, and possibly come up with some rough plans, which would then be turned over to an architect.

Also on the selectmen's agenda is the question of renewal of the liquor license of the Sudbury Inn and the setting of holiday dates for town offices.

The Bethel Employees Association, which had been removed from the agenda two weeks ago, will likely be on the agenda again.

ANDOVER OFFICIALS

to collect property taxes from the satellite station. And that's about two-thirds of the town's taxable property.

Despite the town's strong financial position, the Budget Committee, meeting with the selectmen Tuesday night, gave careful scrutiny to every department budget presented. The committee excised \$140 the selectmen had recommended for salaries for the Assessors Advisory Committee, which would have continued the amount of payments allocated in the current year. "Ax it," recommended Budget Committee member Sharon Hutchins. And ax it they did.

They were more tolerant of expenses that seemed to benefit the town at large, despite some hefty costs. They boosted the appropriation for town hall maintenance from the current \$3,300 to \$4,500. And they added an extra \$5,000 (level-funding of the current year's appropriation) for town hall renovation.

Among items considered important to renovate in the town hall are the voting booths, which committee members and selectmen agreed were a hazard. "I think they should hit the town dump," commented committee member Hutchins.

But member Don Mixer, noted that, "Some people think they're quaint."

To which yet another participant retorted, "Some of the people who want to keep them are quaint."

Board Chairman Jane Rich pointed out that repairs to many parts of the building were essential. "No money's been spent on it in a long, long time (prior to this year). The kitchen is a disaster, and I think the outside needs to be painted before we do the kitchen." The electric wiring, holes in the wall, and worn out doors were other items needing renovation, according to the participants.

They were also sympathetic to the idea of spending \$3,500 to resurface the tennis and basketball courts. But they put the matter on hold until a Vermont company's resurfacing proposal can be located.

Tuesday night's budget session was one of a number that will be held prior to finalizing a budget draft in January. The next budget session will be Dec. 18.

Chairman Rich predicts that the budget will top this year's \$189,124 town budget, mainly because of expenditures for road repairs. The state returned 10 miles of road to the town two years ago, and these roads need work. "We hope to do some major work on the roads," said Chairman Rich, "and the only way you can do that is raise some extra money."

Extra money will also be needed to pay for schools, according to

tain Valley Conference because of all the B schools there. But there are still a lot of heavyweights on the Rebels' schedule. Coach Lunney listed them as St. Doms, Yarmouth, Mt. Abram, Mexico and upcoming Leavitt. If the Rebels can knock off half these big schools, they should have a shot at getting into the tournament. But he's not optimistic that this can be done.

The coach worries that he won't have the talent on the bench to work the running game he favors. "We try to press a lot; we try to go man-to-man a lot," he said. And that takes fresh reserves. He worries that the team "won't be very deep. I won't be able to sub much."

Therefore, as he said, it all depends on the sophomores—how quickly they come along.

Game time Monday is 6 p.m. at Leavitt.

ing to Lisa Tyler, Vernon Davis got a nice buck, she said—230 pounds. He shot it in Northwest Bethel.

At Bear River Cabins in Newry, Arthur Gauthier said he tagged only eight deer, compared with 35 last year, and 11 bear. Trying to put the decreased kills in a good light, he said, "That leaves a lot of seed for next year."

Jack Cross brought in a 10-point buck weighing 190 pounds to Sam Westleigh's station in Bethel, but his was only one of seven deer tagged at the station. There were six bear tagged at Westleigh's.

Hunters blamed the bucks-only season, the warm weather that provided plenty of food for the animals, the lack of snow cover to help in tracking, and the prevalence of coyotes for the reduced deer kills.

A central hunter said he went to the central zone, where does as well as bucks were in season, but saw nothing but other hunters—lots of them.

The state's Inland Fisheries and Wildlife Dept. will not have statewide deer kill totals until next week, but a spokesman told The Citizen it looks as if the totals will be way down. The season began Oct. 29 and ended last Saturday, Nov. 24. The bear season began Sept. 1 and will end Nov. 30.

BOYS' BASKETBALL

soccer. And their attitude towards team play. And that's basically what we're stressing: defense, condition, and team play—with accent on the fundamentals."

Coach Caddigan expects to rely heavily on starting guards Brandon Salway, who is captain of the team, and Bernie Haines, who is co-captain. They worked in tandem in soccer and he expects them to do the same in basketball.

He expects his two forwards to be Jon Head and Jimmy Fiske, and he's leaning towards Ken Viger, the 6-2 goalie of the soccer squad, at center.

Although he will emphasize a strong defense, Coach Caddigan points out that his team will not be without offensive punch. Chris Chapman has a nice jump shot, and Chad Bean has a good two-handed set shot, he said. "I hadn't seen anything like that except in the movies," he said of Bean's patented shot.

The coach played his college basketball at University of Maine in Farmington, where he was a forward. Prior to going to Farmington, the Saco native had spent six months in Norway (the European Norway) on an exchange program coaching the local town team.

He has also held jobs coaching golf and skiing and spent a semester in Hawaii surfing. He has taught in the Virgin Islands. At Telstar he teaches science, English and reading.

His wife, Bernice, also teaches in Saco. She is a special ed teacher in the resource room at Woodstock. The couple, who are expecting their first child in March, live on the Sunday River Road.

The young coach credits his assistant, Dan Hart, and his team managers, Terri Perry and Judy Hutchinson, for making his debut as a high school basketball coach a lot easier.

Game time Tuesday is 6 p.m. at Telstar.

picnic sites from 1,009 to 1,692, extending hiking trails from 1,176 miles to 1,296 miles, increasing timber harvesting from 38 MMBF annually to 63 MMBF annually, and designating 12,000 acres of the Caribou-Speckled Mountain area as a wilderness study area.

Ranger Boche said the mill representative was concerned that the Caribou-Speckled Mountain area might eventually be designated a wilderness area and logging would be terminated.

At a public forum in Auburn Tuesday night, the ranger said, hunters in the audience were concerned that clear-cutting was destroying feeding areas for deer.

In the Evans Notch ranger district, some of the proposed improvements are in campgrounds along the Evans Notch Highway. The Hastings campground would get five new sites, a new picnic area would be put in near the Hastings campground; the Wild River campground would get 10 additional sites.

Crocker Pond, on West Bethel Flat Road, would get campsites, as would the Great Brook area, east of Evergreen Valley. Gilead Picnic Area would get an exit road and five camp sites. All of these improvements would have to be funded separately by Congress, Ranger Boche noted.

There will be additional commenting sessions Feb. 5, 1-4 p.m. at the district headquarters and 7-10 p.m. at Telstar R.H.S. auditorium.

COLLECT 81 PINTS OF BLOOD

The Red Cross collected 81 pints of blood from local citizens in Monday's community blood drive, held at the West Parish Congregational Church in Bethel.

Blood drive organizer Dee-Dee Kellogg said the Red Cross considered the drive successful. Mrs. Kellogg noted that 90 people volunteered to give blood, but nine were turned down for various reasons.

Groan & McGurn's Tourist Trap in downtown Bethel will now be carrying a complete line of plants and floral arrangements. Working in conjunction with Coburn's Flower Shop, the Groan & McGurn shop is taking orders for Christmas plants, wreaths, holly, and centerpieces. There are also supplies for do-it-yourselfers.

Coburn's has been in operation for many years and is continuing its operations on Paradise Road.

ELEMENTARY SCHOOLS IN S.A.D. 44 TO SELF-EVALUATE

Over the coming months, the elementary schools of S.A.D. 44 will be undergoing an in depth self-evaluation. This study provides a means for involving the total school community in determining educational needs, in setting priorities, and improving public understanding of school goals and school services.

Each school will be responsible for assessing the following areas: school climate, leadership, evaluation and feedback, community involvement, expectations, staff development and curriculum. The completion of this program will also fulfill S.A.D. 44's future planning obligations for basic school approval by the Dept. of Educational and Cultural Services.

The Board of Directors at its Nov. 12 meeting voted to allow appropriate in-service release time for this project. Four Wednesday half days (Dec. 12, Jan. 23, Feb. 27 and March 20) have been established for Crescent Park, Ethel Bisbee and Woodstock Elementary Schools. Andover half days will be on Thursdays of the same week so that its principal may coordinate both studies. Reminders of these half days will be published in the Bethel Citizen and notices will be sent home with the students concerning these early dismissals.

These four days alone will not allow sufficient time for completion of this self-evaluation. After school staff meetings, advance preparation for each area of consideration and finalization of material will account for many additional hours of staff time. In addition, a steering committee, composed of Mrs. Nancy

Sept. in Viva Whitman:

(Guess this has been a week for having colds. I have seen many that had them and have had one myself. Mine is better at this writing and hope it keeps improving. However, this cold weather we have been having is just the thing to start colds and flu catching up with people and making them feel miserable.

I haven't been to church in a long time and was invited to go to the Mission Congregational Church in West Paris, so went and enjoyed it very much. Not a very large congregation, so one can feel at home with them all. It was strange to be introduced to a lady who used to teach my children when my husband and I lived up on Rt. 26. It really was nice as they came to get the children to go to Sunday School and that helped a lot at that church and had a good time too. Thanks to all who made me feel welcome and I hope to get to go again real soon.

Russell stayed at home and got the winter tread tires on his truck. Guess that makes both cars ready for winter, or at least we hope so. He also tested the radiators to see how cold the weather would have to be to harm them and we are safe there. While he was working around, he put a padlock on the outside door, raked up loose rocks that might catch in the snow blow, and when it has to be used and did several other things to get ready for the cold.

Myrna and Whitey were up and put the rest of the shingles inside for the winter. Guess they thought it a little cold to do any more and with Whitey having trouble with his back, it couldn't be done anyway.

Been having a devil of a time with my back so called a doctor in Bridgton and went there Monday morning before my treatment for sinuses with my Harrison doctor. Had to go back again on Wednesday as I was coming on with this bad cold and ear infection again. Did a little craft work but not too much. I have to lay low when I have a time with my colds as I expect others do too. Rest and lots of liquid to get the germs out of one's system, that seems to be what most of them tell you to do.

Thursday, we decided it was time to get the double windows on and get after the job. It didn't take long but wish they were tighter than the are.

Friday, went to do wash as usual and get groceries, then went to see the doctor again as my back just doesn't want to stay in place lately. Also been having trouble with the joint up by my left ear and they say it is caused by my dentures. I've found a doctor who says he can fix them without costing me all out doors.

According to the weather-man, it was supposed to be a good day yesterday, but was so cloudy we didn't think it was as good as they predicted. I guess we shouldn't complain though after the lovely day we had for Thanksgiving. We

Marc and Leslie Moore, Nathan and Jennifer, visited their families in Connecticut over the Thanksgiving holidays.

Denny and Rita Wilson have returned from a two week vacation in Florida. They and their family traveled to Horseshoe Valley in Roxbury for Thanksgiving with Mr. and Mrs. Mervin Buck.

Florence Beck, Randolph, N.H., had Thanksgiving dinner with Joe and Leah Deegan.

Leah had a second Thanksgiving with Marion Soule at Palermo on Saturday.

Earl, Carl, Brian and I were among those who successfully completed the Hunter Safety course held at the Legion Hall in Locke Mills. Not only is it good for hunters but also for hikers or anyone else that has occasion to be in the woods or handle firearms. By Jan. 1, 1986, the course will be mandatory for anyone obtaining a hunting license.

John and Lorraine Mills, Locke Mills and Ralph Mills, Colchester, Vt., visited us Saturday evening, and Ralph stopped by Sunday afternoon.

Muriel Gilbert expects to return home Wednesday from the Norway hospital where she is having a foot operation on Monday.

It was 8° on Sunday morning. Frost remained far into the forenoon on the tree-shaded grass.

couldn't have asked for a nicer day to go to Lewiston to have turkey and all the fixings with my daughter and family. Mike's sister and boyfriend came too and all had plenty to eat.

It looks a little bleak and cold this morning, but maybe it won't be too bad as the day progresses. Grange tonight, so got to go do some cooking to get ready for the potluck supper we always have before the meeting. Hope there are enough to have the meeting tonight.

Should be doing more on my Christmas things, but got to give my back and shoulders a chance to get a little better, so will refrain from crocheting for a little to see if it will help. I love to make things that way so don't know enough to stop.

I was sorry to read of Helen Rannels' death in the paper that came yesterday. She was our neighbor on Sunday River and a good one. I sympathize with the family left behind as they lost a lovely lady and I'm sure they know it. We were always glad to have Helen come to visit and share information with us. She will be missed by many.

The sun is trying to peak through and I hope it succeeds. It always makes the day so much brighter in so many ways. If I don't get busy, I won't have things done by tonight, so guess I'll close by saying I hope everyone had a good Thanksgiving and are looking forward to Christmas with lots of good will and cheer.

The Board of Selectmen met Nov. 20, at the Town Clerk's office. A report on receipts and expenditures for the Bureau of the Census and Federal Revenue Sharing was prepared and a Treasurers Warrant for current bills was prepared. Further necessary repairs to the new Municipal Building, the former R. C. Foster School, were discussed. Estimates for tile, linoleum or carpet for two rooms are being requested. The new roof, with a 6/12 pitch, and the new chimney have been completed. Total cost of this project was approximately, 7,300, which was well below the \$10,000 appropriated for repairs. Volunteer labor by townspeople helped to keep the cost down. As a community Service Project, Brian Bachelder of Troop 565, Boy Scouts, worked each night after school on the roofing project. Other volunteers were Jim Anderson, Willard Wight, Norman Duran and Lee Swan. Lee Swan has replaced the petition between two rooms, which had been removed, with the town furnishing the materials and Swan donating the labor. Some other repairs are necessary as the building has been poorly maintained by the District. Two thousand dollars was appropriated for furnishings for the offices. It is believed that some furnishings may be obtained from the State Surplus Warehouse in Augusta at a substantial saving to the town.

the "Poker Hunters" announced 38 hunters joined the club this year. Only four of those were successful and all were members of the winning "Poacher" team. The largest buck entered was a 221 lb. deer shot by Craig Ryerson.

For the first time in the history of the club no deer were entered on the "Poker Hunters" team. In past years team captains have been selected from the largest buck and doe shot. Since no does were entered this year, Craig Ryerson will be one team captain and Tim Poland who entered the smallest buck at 148 lbs. will serve as the other team captain. Members of this year's "Poker Hunters" will be solicited for food and those who did not get a deer will be washing dishes. Members of the losing team also serve as waiters during the supper.

Purpose of Exemption—An exemption, if issued, gives the Exemptee priority of control, development, and operation of the project under the terms of the exemption from licensing and protects the Exemptee from permit or license applicants that would seek to take or develop the project.

A1. Exemption for Small Hydroelectric Power Project under 50MW Capacity—Any qualified license or conduit exemption applicant desiring to file a competing application must submit to the Commission, on or before the specified comment date for the particular application, either a competing license or conduit exemption application that proposes to develop at least 7.5 megawatts in that project, or a notice of intent to file such an application. C. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS," "NOTICE OF INTENT TO FILE," "COMPLAINING APPLICATION," "PROTEST," or "MOTION TO INTERVENE," as applicable, and the Project Number of the particular application to which the filing is in response. Any of the above named documents must be filed by providing the original and three copies required by the Commission's regulations to: Kenneth F. Plumb, Secretary, Federal Energy Regulatory Commission, 825 North Capitol Street, N.E., Washington, D.C. 20426. An additional copy must be sent to: Fred B. Springer, Director, Division of Project Management Branch, Office of Hydro-power Licensing, Federal Energy Regulatory Commission, Room 208 RB at the above address. A copy of any notice of intent, competing application or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

D3a. Agency Comments—The U.S. Fish and Wildlife Service, the National Marine Fisheries Service, and the State Fish and Game agency(ies) are requested, for the purposes set forth in Section 408 of the Energy Security Act of 1980, to file within 60 days from the date of issuance of this notice appropriate terms and conditions to protect any fish and wildlife resources or to otherwise carry out the provisions of the Fish and Wildlife Coordination Act. We have a new baby in town. Faith Alana Verrill arrived at the Norway Stephens Memorial Hospital on Monday, Nov. 12. She weighed 6 lbs. and 7 ounces. She is the daughter of Mr. and Mrs. Jerry Verrill. Mother and baby returned home Wednesday. Faith's grandparents are Mr. and Mrs. Leon Verrill. Mrs. Verrill told me that this made them three grandchildren. Brian and wife have two children.

Mr. and Mrs. Brian Verrill have purchased a house in Canton. Mr. Verrill works for the State on roads in the Dixfield area.

Did you ever see a coyote? They have vicious looking teeth. Jerrold Mason brought it down for me to see. Their tail is bushy like a fox and fur of woolly content. This was heavier than a fox. I guess he has had too many deer as there are none of them around now. Which would you rather have, deer or coyotes? Baby deer have no chance with them, thus the loss of our deer herd.

A group of Grangers went to Portland Saturday to attend the National Grange session. Two buses picked up Franklin, West Paris, South Paris, Norway, Pleasant Pond, Oxford and some from Shelburne, N.H. for the trip. Around 4,000 took the 7th degree at the Civic Center. Many of us were spectators as we had the Degree before. Richard Felt and Anna Henderson had charge of the bus passengers and saw to it that none were stranded in Portland. It was a very successful trip.

Thanksgiving guests of Esther Davis were Thomas and Debby Davis, Ethel and Erland Twitchell, David and Jerry Shorey and daughter, Torri Troestler, Patricia Tibbets, Jackie and Neil.

Deven Andrews and daughter, Kara, called on me Tuesday evening. Kara is a cute little girl and a very busy baby.

Mr. and Mrs. Ellsworth Hathaway were in Massachusetts Saturday where they picked up their daughter Jane Niro and granddaughter, Michelle. They are spending the week with them. Michael Niro came down Wednesday for the holidays and they returned home afterwards.

This Hathaway's Thanksgiving guests were Mr. and Mrs. Glenn Olson, Berlin; Mr. and Mrs. Elbert Tyler, Oxford; also Amy and Emily Cummings, Madison.

Mr. and Mrs. Ellsworth Hathaway have been repairing and redecorating their twelve trailer homes in Oxford all fall. They are hoping to have them all done before long now. Many of them have been rented.

EMPLOYEES ASSOCIATION FORMED BY TOWN WORKERS

The eleven full-time employees of the Town of Bethel recently formed the Bethel Employees Association and have been meeting regularly, according to the association spokesman, Merton Brown.

Mr. Brown said the association was formed as a result of discussions among himself, Neta Littlefield and Bob Davis. The group has been reviewing the employee regulations and has made a number of suggested changes, such as in the area of sick leave.

These suggestions were embodied in a report sent to the Board of Selectmen a couple of weeks ago. The matter was placed on the agenda of last week's meeting but then removed upon request of the employees association.

Spokesman Brown said the association is not a contract bargaining unit but was formed to open communication between the employees as a group and the selectmen and town manager. Mrs. Littlefield said the group was a place for employees to air their "concerns."
